

Yahoo! Mail Signature

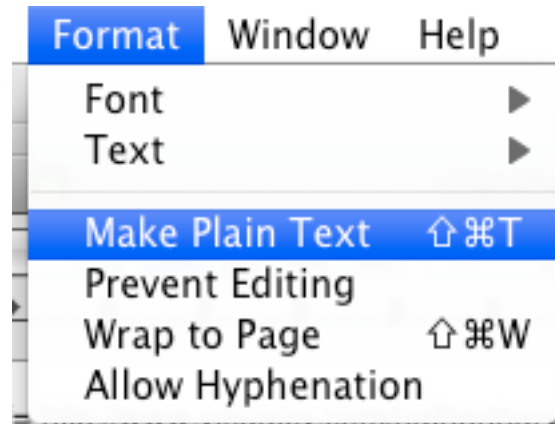

Follow these steps to add your VisualCV button to your Yahoo! Mail Classic account.

1. Open a text editor such as Notepad (Windows) or TextEdit (Mac).
2. Copy the code that the Button Generator on VisualCV.com created and paste it into the text editor.
3.
 - a. Notepad (Windows)
 - i. Select File > Save As...
 - ii. Save the file with a “.html” extension
 - iii. Change the Save as type to “All Files”

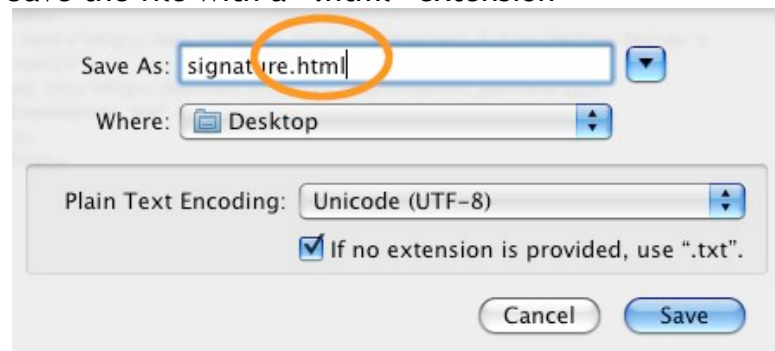

b. TextEdit (Mac)

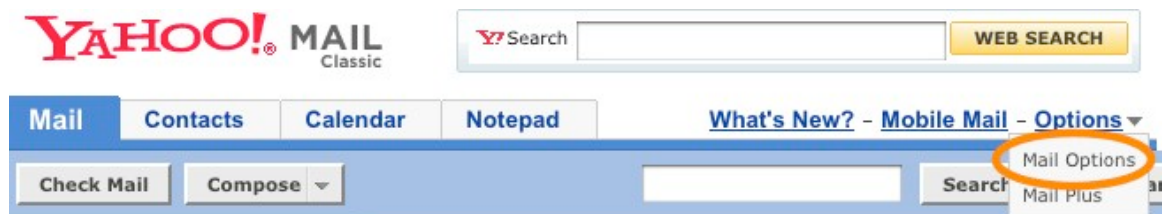

- i. Select Format > Make Plain Text

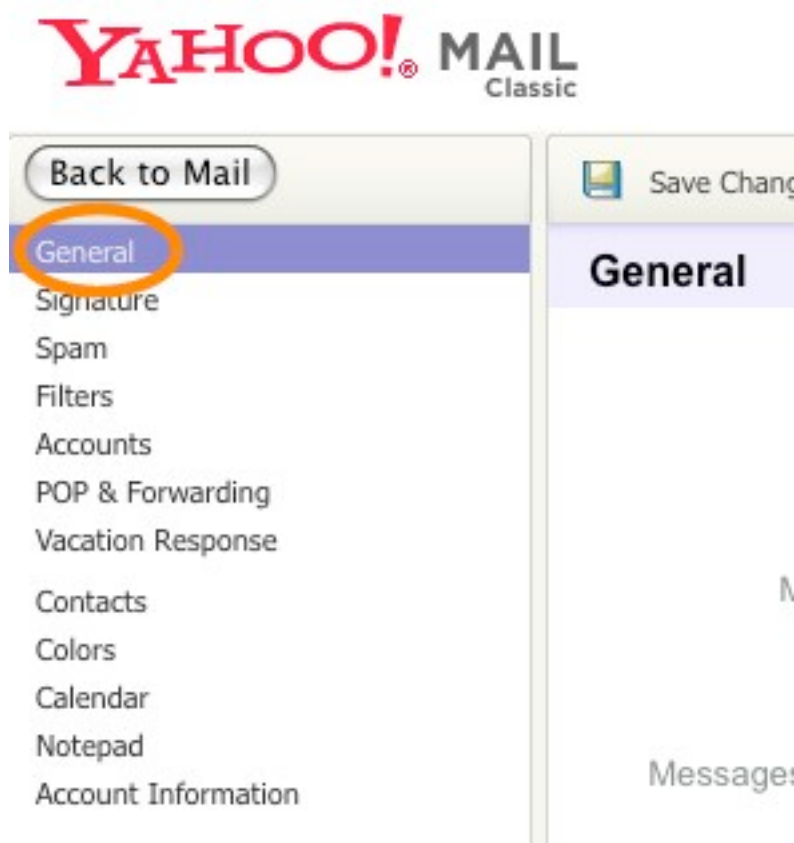

- ii. Select File > Save As...
iii. Save the file with a “.html” extension

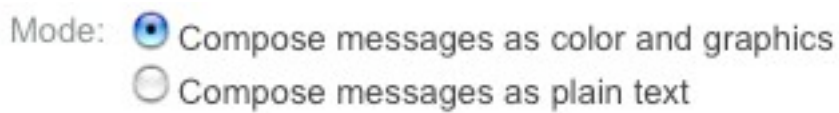

4. Open your web browser.
5. Select File > Open and open the HTML file you saved in step 3.
6. Select Edit > Select All
7. Select Edit > Copy
8. Sign in to your Yahoo! Mail account.
9. Click Options > Mail Options

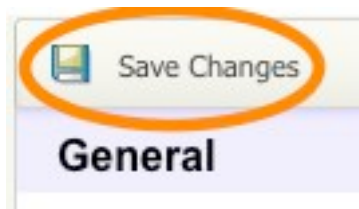

10. Make sure you are on the “General” screen.

11. Select “Compose messages as color and graphics”

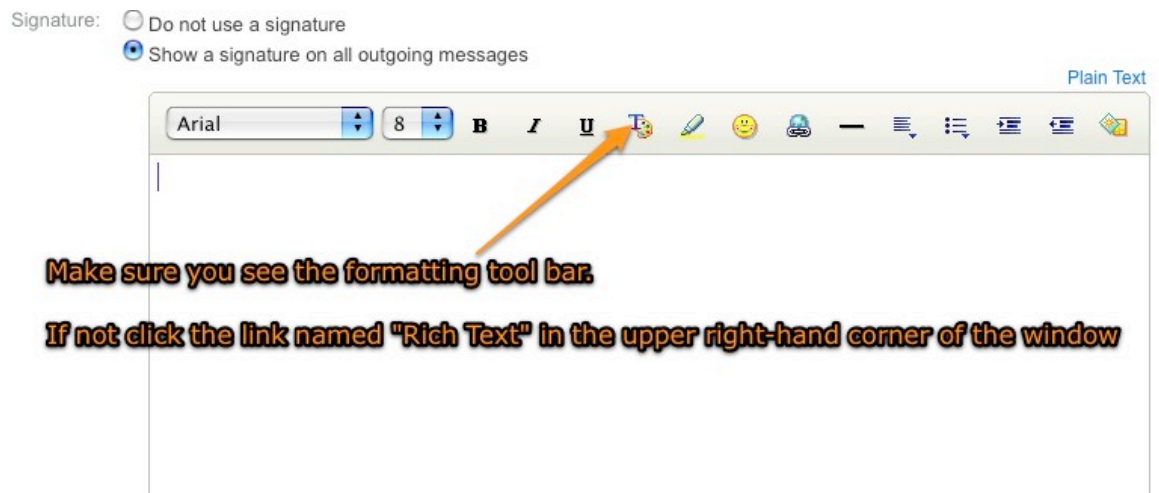

12. Click “Save Changes” near the top of the page.

13. Click the “Signature” options on the left.

14. Make sure you are in “Rich Text” mode.

15. Click in the text area where you can compose your signature

16. Select Edit > Paste

17. Click “Save Changes” near the top of the page.

18. Click the “Back to Mail” button to return to your mailbox.
