Owner at TeamSell Inc

Summary

A veteran entrepreneur based in Vancouver, British Columbia, Liz Clay is currently leveraging her three existing businesses, Greenwood Estates and Mortgage Company, [Design2Sell](#), and Emerge Realty Corp., to create TeamSell Inc. Liz Clay's new enterprise will combine a variety of complementary services, enabling clients to avoid contracting out the home staging and financing aspects of property listings. This integrated approach will significantly reduce customer expenses and stress levels, with coordinated services ensuring a seamless moving process.

Liz Clay earned her Bachelor of Arts at the University of New Brunswick and subsequently took managerial roles with Toronto firms such as TD Canada Trust, the National Bank of Canada, and Mortgage Intelligence. She established Greenwood Estates and Mortgage in 2004 as an independent broker that placed clients first. Ms. Clay and her team seek the best possible financing pathway for each client, adhering to the motto "there is no deal that can't be done." The team provides expert guidance throughout the buying or selling process, with specialized programs available for business owners, self-employed and contract workers, offshore investors, recent immigrants, and high-net-worth individuals.

Liz Clay established Design2Sell in 2007 as a firm providing residential and commercial clients with professional planning and design advice. The firm employs proven techniques for packaging homes for sale in ways that significantly increase "curb appeal" and buyer interest. Liz Clay's third firm, Emerge Realty, has built a strong reputation over the past three years by offering tiered real estate commission packages tailored to individual budgets and needs.
